

Conference – Roundtable

IESD & LABELAB will host a conference on

BEST PRACTICE & INNOVATION IN WASTE, WATER MANAGEMENT AND CIRCULAR ECONOMY

Thursday 18 May 2017, 15:00 h.

Palazzo Rasponi - Piano Nobile (1° Piano) - Piazza Kennedy, 12 – Ravenna

Aim of the conference

- To explore opportunities and ways to share best practices, mainly standardized and accessible ones, in waste and water services;
- To offer opportunities to companies, public bodies, universities and research communities, about a wide spread of information on production, managing, disposal, recycle and reuse of waste, and on the management of water resources, also including managing and economic aspects;
- To facilitate the talk and exchange between partners and foreign experts.

Chairman: Sir John Martin Thomas (IESD)

Speakers:

- Prof Luigi Bruzzi, University of Bologna, Sustainable management of environment
- Eng. Claudio Galli, President Waste Recycling, Best Practices in industrial waste management
- Dott. Stefano Arvati, President Renovo Spa, Innovation in managing organic fractions of waste;
- Eng. Marco Fantozzi, IWA International, Best Practices in water services management
- Prof. Renato Baciocchi, Best Practices in remediation of contaminated sites
- Representatives and Experts from Nepal, India, Algeria

In collaboration with ISDE & LABELAB
